Subject: Catalog of ORD support activities for the WV spill - working draft

Greetings:

I am cataloging ORD's support to the WV chemical spill response – see the table below. I may not have captured everything or have all the info correct, so comments and edits are welcome.

Thanks,

Greg

Date of Request	Organization	Request	Lead Responder	Supporting	Response	Date of Response
1-10-2014	OW/OGWDWA (Allgeier)	Any information on the chemical?	NHSRC (Magnuson)	NA	Informal 2-pager on known and estimated properties and fate	1-10-2014
1-10-2014	OW	No request, proactive info provided	IOAA (van Drunick)	NCCT	Provided news and compo	1-10 to 1-13-2014
1-13-2014	ORD (Trovato)	How might the validity of the analytical method be documented?	NHSRC (Sayles)	NERL	...ongoing...	1-21-2014 (est.)
1-14-2014	CDC/NCEZID (Arduino)	Analytical methods with low detection limits to monitor dialysis water?	NHSRC (Lindquist)	NERL	Two ORD chemists provided their informal, expert opinions of promising approaches	1-15-2014
1-14-2014	OW/OGWDWA (Clark)	Review draft NIEHS toxicity assessment	NCEA (Vandenberg)		Two NCEA scientists provided written and oral comments on NIEHS draft toxicity assessment	1-15-2014
1-15-2015	DHS/FEMA (Chase)	Any modeling of fate in the Ohio River?	NHSRC (Lindquist)		Confirmed with OW that ORSANCO was modeling fate and had concentration data for the Ohio River	1-15-2014
